### IT'S PAYING OFF

... keeping the Museum open all day. Or at least the figures compiled by Mrs. Bruno (Lillian) Schweers tend to show that people want to see our Museum.

And as Mrs. Ella Oefinger will tell me, "It's been done on volunteer help."

In fact she had this to say in a letter this week:

"Dear Mr. Lawrence:

"We have had the Museum open for the last six weeks on a volunteer basis. And we have had wonderful response. The following are some more names who have helped us: Mrs. Schweers, Mrs. John Faseler, Mrs. Emil Riff, Mrs. Wilkes Wiemers, Mrs. Arthur Brucks, Mrs. B. L. Kollman, Mrs. Al Schiffers, Mr. and Mrs. F. H. Hollmig, Mrs. Clarence Schweers, Mrs. Frank (Sis) Graff, Mrs. Ella Oefinger, Elvira Zerr, Mrs. Eggen, Mrs. Rosa Graff, Mrs. Mary Cook, Mrs. Alice Cagle, Mr. and Mrs. Emil Muennink, Martin Noonan, Harry Filleman, Mrs. Henry Schulte and Mrs. Evelyn Grell.

"Thanks to all who have helped so far, and anyone wishing to help us in this worthy cause can let me know at 426-3490."

And Mrs. Schweers writes this note:

"Mr. Lawrence:

"Mrs. Oefinger said you would like to have the number of visitors we have had at the Museum, since we have had it open all day.

"From June 1 to July 1--we had 142 visitors in the morning and 223 in the afternoon for a total of 365 visitors.

"From July 1 to July 15--we had 69 visitors in the morning and 157 visitors in the afternoon for a total of 226 visitors.

"This means 591 people have visited the Museum since June 1 with 92 of them coming during the noon hour.

"Isn't the increase this month great? We should have many more during the next six weeks. And these figures do not include the workers, just the visitors. Signed: Lillian Schweers."

### Buying Items

And the people passing through are buying the souvenir items especially the cacti. Mrs. Schweers, Mrs. Oefinger, Colvern Huegele and others have started a cactus garden near the front door and they say visitors are buying them extremely well.

As an indication of this the June financial report showed: memberships \$30.00, donations \$74.92, miscellaneous sales \$46.00, Museum Day income \$6.45, plates \$13.00, notes (historical sketches) \$7.00, for a total of \$176.37 in June. Not bad, eh?

### Museum Celebration Days

Museum Treasurer Mrs. Sally Brucks released these figures on the take at Museum Day (these are net figures):

Art Show \$232.70, Auction \$1,031.15, Balloons \$21.00, Barbecue \$409.76, Bingo, \$309.46, Bread Contest \$165.45, Bunelos \$17.25, Chili Cook, \$61.19, Cold Drinks \$66.20, Country Store \$217.70, Dance \$279.50, Donations \$104.62, Fish Pond \$30.69, Golf Tourney \$48.00, Ice Cream \$34.95, Photo Badges \$17.00, Pigs (sold at auction in Purple Petticoat) \$455.30, Plates-Notes \$57.10, Pony Rides \$16.26, Purple Petticoat \$555.70, Rocks \$13.30, Shoot-The-Ball \$10.35, Sidewalk Cafe \$78.75, Sno Cones \$33.00, Unidentified \$85.00.

All of this totaled \$4,341.42, but \$715.67 in other expenses brought the total down to \$3,625.75.

And this total is the greatest net total of all Museum Days. At the end of June the Museum had \$7,445.66 in the bank.

**RESCUE COMPLETED--**Members of a San Antonio family were rescued early Sunday from the rising waters at Medina Lake. An attempt was made first to get a MAST helicopter to the area, but weather kept them grounded. So the Parks & Wildlife people, that's Game Warden August Timmermann of Hondo with the hat on in the rear of the picture, brought a boat from San Antonio and Game Warden Bill Lynch, Jr. of the department went into the raging waters to rescue these people from a hackberry tree.

**GREAT JOB--**Medina County Sheriff Charles Hitzfelder, left, congratulates Parks and Wildlife's Bill Lynch, Jr. on a job well done after Lynch had taken a boat into the roaring waters near Medina Lake to rescue a family from San Antonio. Also helping in the rescue were many persons including August Timmermann of Hondo. (Photos by Tony Mendoza)

## Heavy rains send creeks, sloughs, river on rampage

Rains hit Medina County with a fury over the weekend, substituting misery for the cautious optimism of Medina County farmers and ranchers, and causing widespread flood damage in all parts of the County.

Virtually every stream from the Seco to the San Geronimo ran above flood stage before rains subsided Monday evening, and hundreds of persons were forced to flee the rising waters, often with little but their lives intact.

Rainfall averaging seven to eight inches fell on the watersheds of the Hondo, Seco, Parker, and Verde Creeks in the Hondo-D'Hanis-Ouilhi area, and those totals were doubled by a single, huge thunderstorm near Bandera, where

the Hondo and Medina Rivers originate.

Early Sunday morning, the waters began to rise and the first evacuations from low-lying areas began. Many people would not return home until Tuesday.

So heavy were rains above Medina Lake that water emptied out 5.5 feet over the spillway near the huge concrete structure, only six inches below the all-time record set in 1919.

Hondo's east and north sides were submerged once again as swelling backwaters crept into homes and forced many residents to seek refuge in the Court house.

D'Hanis suffered moderate flooding from the Parker and Seco creeks, the

worst since a similar flood in 1971.

Residents there thought back to their flood control dam-building project, planned years ago and only now under limited construction on the Parker Creek.

Ouilhi bore the brunt of the flood damage. Water was reported as deep as two feet in some homes there, and livestock losses were heavy. The Verde Creek and the Hondo cut off all traffic on Highway 173 north toward Bandera and south toward Del Rio. At one time, only Highway 90 was open, and it was threatened at several points in the county.

MAST helicopters swooped low over flooded terrain searching for stranded

persons, and Governor Dolph Briscoe ordered the use of four 2-1/2-ton trucks, a 1/4-ton truck, and a radio-equipped car from the Texas National Guard to aid in rescue and evacuation efforts.

Fourteen National Guardsmen were assigned to Castroville; and Sheriff's officers and Reserves, Parks and Wildlife officers, and local police and firemen were out wherever they were needed to clear threatened areas, search for missing persons, and guard property until its owners could return.

As extensive as flooding was throughout the area, not one life was reported to have been lost in the County. This was due to the yeoman efforts of the volunteer crews.

One missing-person story in Hondo had a happy ending. Guy Perlins was thought to be lost early Sunday morning when the Hondo Creek swept his car off the road near the Hondo dumpground. He had been asleep in his stalled car, and awoke to find himself surrounded by water. Unable to open the door, he climbed out a window and swam to safety. In the meantime, a friend who had gone for aid to Glenn Bragg's home, returned with Bragg to find the car swept away and Perlins missing.

Communications were disrupted by a break in a major telephone cable near LaCoste, which caused long-distance telephone calls to be impossible from Sunday until late Tuesday morning. Full service was not restored until the early morning hours Wednesday.

Damage to area crops could not be accurately determined as of press time, although County Extension Agent Glenn Bragg indicated that some damage would be inevitable, due to flooding of some low-lying fields.

"We don't need a rain for 30 days," said Bragg on Tuesday, "but if the sun would come out and the wind would blow a little, we could be cutting into by the end of the week."

Barring continued rainfall, Bragg indicated that at this time crop damage is not expected to be major on a county-wide basis.

## Court renews interest in Seco Creek Watershed plans

Interest in continuing plans for a series of dams along the Seco Creek Watershed will receive a renewed spark next week when landowners and Soil Conservation people begin meeting to discuss possible changes in the project.

Igniting another round of talks on this long delayed project was a recent letter from the Medina County Commissioners Court to the State Soil Conservation Service.

The letter, approved by the Court at a June 25 meeting, read:

"Mr. Edward E. Thomas  
"Dear Mr. Thomas:  
"The following action was taken by the Commissioners' Court of Medina County, Texas, on July 6, 1970:

"A motion was made that the watershed plans be further investigated for alternate sites to remove the objectionable and detrimental factors. The Medina County Court will accept its responsibility as co-sponsor of the Seco Creek Flood Control Project.

"This motion made by Commissioner Chas. B. Langfield, seconded by Commissioner Ira Barron, Commissioner Fred Bader and Commissioner Hilmer Mangold, voting aye, motion carried."

"The Commissioners' Court feels that many of the objections which brought about the action by the Court on March 9, 1970, can now be resolved. Representatives of the Medina County Commissioners' Court and other representatives of the Sponsoring Local Organization have discussed the Seco Creek Watershed with many of the landowners in the watershed. It is the opinion of the Court, after talking to these landowners, that objections to the plan can be resolved by December 31, 1973.

"Since plan development on the Seco Creek Watershed is approximately 90 percent complete, we urgently request that planning and completion of the watershed work plan be resumed as soon after December 31, 1973, as possible. During the interim between now and December 31, 1973, the sponsors would appreciate the assistance of Area Conservationist Robert W. Williams; District Conservationist E. L. Abbott; and a representative of the watershed planning staff, to assist us in meeting with local landowners in the watershed.

"May we await your approval on this matter. I remain,

Yours truly,  
Jerome Decker,  
County Judge, Medina County, Texas"

Co-sponsors of this project include: Bandera County Commissioners' Court,

Edwards Underground Water District, Medina Valley Soil and Water Conservation District, Nueces-Rio-Sabinal

Soil and Water Conservation District and the Uvalde County Commissioners Court.

## Electronic age deserts Anvil Herald this week

This electronic world ain't perfect by a long shot!

Take a look at this issue of the Anvil Herald and you can see what I mean. Look at the type.

It's a reversion to the old IBM typewriter that we used for so many years and can see now why a team of University of Texas journalism students described it as having been published in a garage.

Why? Well, our new electronic Compuwriter went haywire and we could not get a telephone call out of Hondo to talk to a service man in Dallas.

Maybe next week we'll be back in the modern world. Or we hope so anyway.

## Letters from the mailbox

Dear Burnis,  
Many thanks for your letter of July 3 confirming the invitation to me to speak to your Chamber meeting the date of December 3rd.

I will be present in Hondo, present at the banquet site, on December 3, 1973, whether anybody else is or not! Between now and December, you better advise me as to where the meeting will be, and at what time.

Pursuant to your request, I inclose a photograph and a little background sheet which you may use as you dare!

I hope I can add a lot of humor and a bit of wisdom to the festivities.

With every good wish to you and the membership of the Chamber, I am

Sincerely,  
Bob Murphy

Dear Mr. Lawrence:

The State's tourist advertising program outside Texas during 1973 and 1974 is featuring the ten Texas Travel Trails. These byway routes are particularly appealing to the unhurried visitor, and reader response to this advertising is the strongest we have experienced in our eight-year history of tourist promotion.

Also, studies just released by the Texas Highway Department and the Texas Tourist Council show that visitors from out of state are increasing at a healthy rate.

During 1971 we had a record 22,600,000 visitors who spent an estimated \$1,942,000,000 in Texas. This is "new" money in the lifestream of our economy.

But, meanwhile, Texans themselves need to be told of the variety of vacation opportunities available in their own state. By encouraging even an additional ten percent of Texans to vacation here this year, the state's tourist industry and your area could benefit by many additional millions of dollars.

Thank you for your continuing support of Texas tourism.

Gratefully,  
Frank H. Hildebrand

Dear Sirs:

The Rocksprings FFA and 4-H Clubs are going to sponsor a junior rodeo. The rodeo will be held Aug. 11. There will be two performances--2 p.m. and 8 p.m.

We would appreciate it very much if you could advertise our rodeo in your paper a week or two before. There will be events for ages 12 through 19 including Pole Bending, Barrel Races, Breakaway Roping, Steer Riding, Tie Down Roping, Ribbon Roping, Bull Riding and Bareback Bronc Riding.

Thank you very much for your time.

Sincerely,  
Marianne Dietert  
Publicity Chairman

## Chamber Corner

This week seems to be one for brochures and letters.

We received a big batch of brochures on Mexico. These include: Braniff International--Mexico & Acapulco, Mexico City & Trip around Mexico City, Conversion Table--Pesos to Dollars, Monterrey/Tampico, San Luis Pososi and Motel, Mexico Travelaide--Map & Directory, Shopping in Mexico, Useful Hints for Tourists--Mexico Travel, Puerto Vallarta, Wonderful Mexico, Hotel Fenix en Guadalajara.

Other brochures include: Directory of Accredited Private Home Study Schools, Natural Bridge Caverns; and a whole bunch of "Guide to Texas Hunting & Fishing Regulations 1973-74."

A surprise source of Colorado brochures came when Aileen Koch, Sister Rosanne and Ramona Koch vacationed in that mountain state. They had a marvelous time and remembered us by bringing back many, many brochures.

We also received three new telephone directories

from El Paso, Waco and Ft. Worth.

Lynn McAlvey of Dilley wrote and asked for entry blanks in the Youth Rodeo July 27 and 28.

From Orange, California came a request for a directory listing churches in our city.

John Teal called from Nacogdoches asking for deer lease and Sharon King, secretary to Bill Gullledge of San Antonio, called on a dove lease.

And letters did go out!

To: Bill Webb of San Antonio, C. R. Cudd, Sr. of Humble, Kendall Traywich of Houston, Charles Stupka of Rosenberg, John Teal of Nacogdoches, Bob Jackson of San Antonio, V. W. Harbers of Pasadena, J. P. Jones of Houston, Charles L. Thrash of Nacogdoches, Judy Phillips of Houston, Bernard Ramzinski of San Antonio, Mrs. John G. Faseler of Hondo, Graphic Scenics Inc. of Houston, Mrs. A. Hedizer, Jr. of San Antonio, Joe Marispini of San Antonio, Lynn McAlvey of Dilley and Wycliffe Associates, Inc. of Orange, Calif.

Then comes the nitty-gritty: job orders 1, job applications new and renewal 8, job referrals 2, other job calls 3, deer leases 1, deer and bird lease requests 6, leases mailed or given out 83, rentals 2, rental requests 4, other rental calls 4, unemployment calls 1, Youth Rodeo 4, brochures, maps and cards 6, telephone numbers and addresses 4, Welcome Wagon 2, County Agent Tour 4, inter-office 16 and other requests 6.

## More about . . . Sparks

the Rosebud Sioux Reservation?"

I'm not sure, but I would bet my last bit of wampum that someone from that area took a trip through Hondo at one time.

THEN FROM WAY UP

. . . in Union Grove, Wisconsin came this note from Larry Gruenberger:

"After spending four months in Hondo and then two and a half months in Chandler, Arizona, I say Hondo has by far more friendly people. I have a number of these cards (the Hondo sign card) to spread between Chandler and Union Grove. Please put the new address on the July 12th paper."

FARM SAFETY WEEK

. . . has been proclaimed for July 25-31 by Gov. Dolph Briscoe in cooperation with a statewide farm accident prevention and education program being conducted by the Texas Safety Association, Texas Farm Bureau, Texas Agricultural Extension Service, Future Farmers and Future Homemakers of America and Young Farmers of Texas.

Most of these organizations can be found here in Hondo and Medina County, so the appeal to safety on the farm is actually being made by a friend. These friends say:

"Although farm and ranch environment contains many hazards, experience has shown that caution, common sense, skill and protective equipment can counter these hazards and keep accidents and injuries to a minimum."

CLARENCE HAASS

. . . has retired from his rural route postal job which he held for many years. And he says he wants everyone on his old route to know this. It seems some of them are still calling at various hours of the day and night to seek answers to mail questions or solutions to problems.

## Museum adds new directors

Three new members assumed seats on the Medina County Museum board of directors at the July 12 meeting and then helped elect officers for the coming year.

New board members are Clarence Haas, Martin Noonan and Lillian Schweers. Frank Graff was elected to head the organization again as president and Douglas Bohmfalk will serve another

term as vice president. Lillian Schweers will serve as secretary and Mrs. Sally Brucks, who left the board, was appointed to continue serving as treasurer for one month.

Board members, on noting the Museum had a bank balance of \$7,445.66, voted to place \$5,000 on certificate of deposit for 89 days at the Hondo National Bank.

## Food Stamps coming

Plans are underway for Hondo's Food Stamp program to begin on October 1, 1973.

According to Anthony Svatek, Food Stamp Program Director for Region 4, applications will begin to be taken at the present Commodity Office on the Airbase property on August 6. The program, which allows families to purchase stamps at a discount, then trade them for food items, will take place of the present surplus commodity program now in operation here. The surplus commodity service will end on September 30.

The amount of stamps a family can buy will depend on how many are in the family, and also on the amount of average income earned by the head of the family.

Trained caseworkers will be on hand beginning August 6 to help see who is eligible for food stamps, and to aid in applying for the service in time for the October 1 beginning date.

The stamps will be used for food only. Pet food, soap, cigarettes, alcoholic beverages, or paper goods are not covered by food stamps, and must be bought for cash. Also, no imported foods are allowed except coffee, cocoa, tea and bananas.

Anyone who works for low wages, is employed part-time, receives welfare checks, is unemployed, or gets a small Social Security payment or some kind of pension check, should go to the local office to find out if he and his family are eligible for the service.

The stamps will be sold by the Post Office in Hondo, Devine and Castroville. On receiving the stamps, the family may buy food items at any participating grocery store.

Any questions about the service can be answered at the Commodity office.

## GMO rescues family

Skillful handling of a boat paid off for a family of eight Sunday morning when they were rescued from the raging waters pouring into Medina Lake. Game Warden Bill Lynch, Jr. of San Antonio was the boat handler in the rescue, and was aided ably in the overall rescue by Game Warden August Timmermann of Hondo.

Word was flashed to the Medina County Sheriff's office early Sunday morning that the eight persons were stranded at the Riverside Camping Ground at Medina Lake.

Sheriff Charles Hitzfelder went to the scene and asked for a MAST helicopter, but was told they could not get off the ground at that time.

So, he, Timmermann and Lynch called for the boat which Lynch used to rescue the family. When he reached them they were all huddled near the top of a hackberry tree.

Those who were rescued included: Jerjes Gaora, Sr., Jose Gaora, Jose A. Gaora, Jesus Gaora, Jr., Candelario de la Cruz, Federico Gaora, Rosa Gaora, and Felipe Gaora, Jr., a three-month-old baby.

Observers say that Lynch's handling of the boat in the racing current filled with trees and other debris was one of the niftiest bits of boat handling they had seen in some time.

Mr. and Mrs. William Arnold Saunders

## Bendele-Saunders vows exchanged 92

Miss Dorothy Marie Bendele and William Arnold Saunders were united in marriage in Holy Cross Catholic Church, D'Hanis, on Saturday, June 30, 1973.

Performing the double-ring 6 p.m. ceremony was the Very Rev. Victor Schmidtzyński. The bride's brother, John Bendele, gave a scriptural reading.

Parents of the newlyweds are Mr. and Mrs. Calvin J. Bendele of D'Hanis and Mr. and Mrs. Richard L. Saunders, Sr. of Pearsall.

Gracing the sanctuary were two 3-tiered candelabra with yellow gladiolas, greenery, and 42 pale green candles. Servers and candle-lighters were Jimmy Bendele, brother of the bride, and Pete Morales III of Devine.

The mixed choir was accompanied on the organ by Mrs. Amos Finger. Preceding the processional march, interludes from "Love Story" and "Somewhere My Love" were played. Henry Martin Finger sang "The Lord's Prayer". Other songs by the mixed choir were "Ave Maria", "O Sacred Divinity", and "On This Day".

The bride, who was given in marriage by her mother and father, wore a gown of Alencon lace with very deep

scaloped re-embroidered Alencon lace around the hemline. It was styled in semi-princess lines, which were accented with seed pearls and crystals applied both up the sides and over the fitted bodice.

The dress featured a high neckline with a sheer underlining, which served as a perfect background for the groom's gift, a gold and diamond cross. The long sheer Camelot sleeves were trimmed with lace and caught at the wrist with tiny satin-covered buttons. The buttons also decorated the back of the fitted bodice.

The cathedral length detachable train fell from the waistline and featured a lace edged which matched the lace on her dress. The elbow-length 3-layered silk illusion veil fell from a tiara headpiece covered with seed pearls and crystals. The bride carried a cascade bouquet of white carnations centered with a white orchid.

Mrs. Nick Fohn of Duncannonville was her sister's matron of honor. Miss Gloria Bendele, sister of the bride, served as maid of honor.

Bridesmaids were Miss Sheryl Saunders, sister of the

bridegroom, Pearsall; Mrs. R. L. Saunders, Jr., sister-in-law of the bridegroom, Pearsall; Mrs. Ronny Werth, Knippa; Miss Sharon Bendele, D'Hanis, as junior bridesmaid and a sister of the bride.

Serving her aunt as flower girl was Miss Julie Fohn of Duncannonville.

The bride's attendants wore formal floor-length gowns of mint green tulle over taffeta with re-embroidered lace bodice and upper sleeves. The A-line dresses featured Camelot sleeves and a ring collar. The long sheer sleeves were cuffed with lace. They wore mint-green tulle whistles with a half crown of green rosebuds in their hair. They carried natural wood colored baskets filled with yellow and white daisies and mums trimmed with yellow satin streamers and pearls.

Serving the groom as best man was his brother, R. L. Saunders, Jr. of Pearsall. Groomsmen were Ray Bendele, D'Hanis, John Bendele, Devine, brothers of the bride; William Wauson of Corpus Christi, and David McGehee, Austin.

Serving his uncle as ring-bearer was Troy Saunders of Pearsall.

Ushers included Joe Jones of Charlotte and Keith and Kenneth Carpenter of Pearsall.

When the ceremony was completed the bride and groom presented their mothers with a long-stemmed red rose.

At the reception, held in St. Dominic's Parish Hall, a wedding supper of barbecue, potato salad, and all the trimmings was served to approximately 500 guests. The bride's and groom's table was covered with white net over a white underlay trimmed with green ribbon. The bride's cake was white iced and trimmed with pale pink flowers and green leaves. German chocolate cake trimmed with grapes, punch and nuts were also served.

Assisting the guests were Mrs. Dennis Herman and Mrs. Thomas Attaway, both of San Antonio; Miss Mary Ellen Rock, Hondo; Mrs. William Wauson, Corpus Christi; Mrs. David McGehee, Austin, and Miss Jo Ann Beene, Devine. Keeping the bride's registry was Miss Monica Bures, cousin of the bride.

Rice in dainty wedding bells covered with green net were passed to the guests along with a scroll printed with a "Thank You" verse.

For traveling the bride wore a print pantsuit accented with yellow and a corsage of a white orchid.

Following a wedding trip to Nashville, Tennessee and the Ozarks, the newlyweds will be at home in Devine where Mrs. Saunders will teach school and Mr. Saunders is employed as assistant manager of Morales Feed Lots, Inc.

REHEARSAL DINNER

The rehearsal dinner honoring the Saunders-Bendele wedding party was held on June 29 at the New Frontier Restaurant in Hondo. Thirty-one guests were served a Mexican supper by candlelight. The head table was decorated with yellow and white daisies and yellow mums. Yellow candles in individual holders surrounded the horseshoe-shaped tables for the guests.

The young couple was toasted with champagne following the dinner. Hosts were Mr. and Mrs. R. L. Saunders, Sr.

### All she wrote

by Edna McDade

A London woman, who admits to being 71, is the author of about 150 romantic novels, considers herself a "genuine romantic" and is said to be regarded as Great Britain's "health queen."

She takes about 100 vitamin pills daily. Newest addition to her diet is called a brain pill — made from crushed sheep's brain plus heart and "intrinsic factors".

My brain could probably use a booster but I don't know how it might react to a sheep's intrinsic factors. Think I'll stick to cornbread to supply my daily requirements of "corn", as it often appears in these paragraphs.

American and Canadian wildlife management officers are reported to have turned to egg-snatching to try to save the North American whooping crane from extinction.

Arrival and departure of the cranes at the Aransas National Refuge of our Texas coast make the headlines twice yearly. The U.S. Fish & Wildlife Center at Laurel, Md., where the stolen eggs are shipped, supervises the hatching process. Scientists claim that the flock of "captives" is growing toward mating time to continue the reproduction cycle, without benefit of any living ancestors to credit or blame for the results. Whoops, m'dear!

McGuffey's Readers made the scholastic book lists before I became a statistic on the attendance rolls. It was a delight to me to read one, published in 1885, which had once belonged to the late Mr. Willie Metzger, father of LOUISE [Mrs. W. L. "Toby"] TAYLOR. Identified as McGuffey's New First Electric Reader for Young Learners, it had cost the sum of twenty cents [20c] and the price [inside the cover] was so marked.

Louise also owns a copy of Bunyan's Pilgrim Progress, published 1892, at least a few years before my time.

Recently, I made a first visit to the Taylor Farm [now on the market as advertised in this newspaper]. The land has been under the Taylor family ownership since the turn of the century and shows the many improvements made by the present owner.

The acreage, productive agriculturally, has the added advantages of wooded areas, a fish-filled lake, pasturage, and good water. I saw deer browsing but no antelope at play. Quail sought cover as we drove by.

Fortunate will be the purchaser of this year-round "park" complete with a lake-side "hospitality arbor", for want of a more apt description. It has been the setting for many gatherings through the years, including among the guests [even if you did not vote for him] the late Gov. W. Lee O'Daniel, of Pappy-pass-the-biscuits fame. Toby showed me pictures of the occasion.

\*\*\*

Having heard [over KRME, I think] the tuneful "Tie a Yellow Ribbon on the old Oak Tree", I happened to see such a "signal" on a tree near the Hwy. 90 bridge across the Hondo.

Wonder if the message reached the intended recipient?

Vegetarians might add to their arguments for the cause, this evaluation, credited to scientists circa 1910, of the effect of vegetables on character, as reported in a 1910 issue of this newspaper:

"A diet which includes CARROTS ameliorates harshness of character and reduces nervous irritability. PEAS create joyousness. . . . TURNIPS have a depressing influence. . . . LETTUCE acts as a sedative. . . . CABBAGE is good for the lungs and any pulmonary ailments."

Not one word about spinach!

\*\*\*

This bit of newsworthy information pre-dates the office tenure of Medina County's present Sheriff C. J. HITZFELDER but it made the weekly report in early 1922, following repairs made to the county jail, after a series of jail breaks:

"When completed, the Sheriff's Department will, in the future, be able to rest in peace. Purpose of the improvements is to make our jail so strong that even a prisoner's breath, much less his body, will be able to escape."

Of course, some "breaks" have occurred in the years since but, after all, 51 years is a mighty long time for any escape-proof repairs to last.

Time was when an ad which appeared in this paper [3/31/23] offered to customers of The Leader, "fancy lace berthas and Egyptian SOUTOIRS."

Lace berthas I know about, having worn them "when" but Egyptian Soutoirs I must leave to the more knowledgeable than I.

Kenny Weynand

## Kenny Weynand receives ag scholarships

Kenny Weynand, son of Mr. and Mrs. Myles Weynand of 2302 Ave. U, received two scholarships at the recent 45th annual Texas FFA State Convention held at Ft. Worth Convention Center.

Kenny is a member of the Hondo FFA Chapter and has served as past president of the chapter. The Houston Livestock Show and Rodeo Scholarship was awarded to Kenny by General Manager C. E. "Dick" Weekly and his assistant Don Jones. This scholarship amounted to \$4,000 to be used over a four-year period toward a degree

in some field of agriculture. The scholarship was awarded to Kenny on his scholastic standing, upper one quarter of his graduating class; leadership ability, which he has shown by participating in chapter conducting teams while enrolled in vocational agriculture. He has also served as president and an officer of other organizations in the community and church.

The only stipulation the committee puts on the scholarship is that the student receiving the scholarship must major in some field of agri-

culture and maintain his grade point level. Ten of these scholarships are given each year to FFA members throughout the state who intend to major in agriculture and need financial assistance.

The C. J. "Red" Davidson scholarship which was awarded Kenny was also awarded on the same basis as the above and amounted to \$700 to be used toward his college education majoring in the field of agriculture. This was awarded to Kenny by Mr. Ennis Brown, representing the Davidson Scholarship Committee.

Applicants must be certified by a school official and recommended by the local advisor verifying the qualifications and recommendations.

Kenny was accompanied to Fort Worth by Advisors J. D. Schmidt and John McAnelly, along with the 18 members who received State Farmer Degrees and nine other members who participated in the convention.

Kenny plans on attending Texas A&M University this fall and major in agriculture engineering.

# Little League, Seniors win first games

Hondo-D'Hanis Little League and Senior League All Stars are doing well in their rain-delayed playoff games. The Little Leaguers shut out Bandera County Tuesday night in Hondo, 9-0; while at the same time the Senior Leaguers were coming from behind to defeat Devine 9-6 in extra innings.

Little League hurler Joe Ortega went the distance for Hondo-D'Hanis, and struck out an amazing 14 Bandera batters. He allowed only two hits and walked five.

Hondo hitters were paced by Jerry Escamilla, who broke open a narrow 1-0 lead in the fifth inning with a three-run homer off Bandera's Danny Davis. The local boys then scored five more runs in the inning to put the game out of reach.

Escamilla led all hitters with two singles, a home run and a walk in the game. Others gathering hits were Buddy Woolls, Joe Ortega, Richard Muniz, Tony Alvarez, and Alan Bohlen, each with one hit. Woolls, the leadoff batter, opened the game with a walk and mov-

ed to third on a steal and a passed ball. He scored the first run on Escamilla's single.

Friday night, the team will journey to Junction for an 8 p.m. game there. Junction earlier eliminated Kerrville, 6-4 in the single-elimination tournament.

SENIOR LEAGUE  
The Hondo-D'Hanis-Sabinal Senior Leaguers had a tougher time of it down at Devine, but they took a victory in the ninth inning after playing to a 6-6 tie in the regulation seven innings.

Randall Hare was credited with the win. He relieved starter Raul Dominguez in the fourth as Devine led 6-3 with the bases loaded.

The boys then went on to tie up the game. The winning run, as it turned out, was Fred Bader, who scored on a hit by Ronnie Rothe. Hondo-D'Hanis-Sabinal scored three runs in the top of the ninth before being retired.

Leading hitters for the team were Ronnie Rothe, Jerry Lopez, Randall Hare,

Tonight, Thursday, the loser of the Hondo-Pleasanton game will meet the winner of a game last night be-

tween Crystal City-Carrizo Springs and Devine.

# S. Texas All-Star tryout in Hondo July 31

Hondo will be the site for the fifth tryout camp for the South Texas All Star amateur baseball team, due to face the San Antonio All-Stars at V. J. Keefe Field,

San Antonio, on July 31.

All amateurs living outside San Antonio whose 20th birthday comes after July 31, date of the game, will be eligible. Players will be welcome whether or not they have tried out in previous camps at New Braunfels, Pleasanton, Poth and Seguin.

A sixth camp will be held next Thursday in Beeville.

# Reservists at summer camp

Seven Air Force Reservists from Hondo will perform their annual active duty training soon at Kelly AFB. They are members of the 43rd Tactical Airlift (Alamo) Wing, the Reserve's tactical airlift arm in the Southwestern United States.

"Tactical airlift" means aerial delivery of passengers and cargo, conceivably under combat conditions. Alamo Wing aircrews are specialists at air-dropping cargo and paratroopers.

The wing's aircraft is the C-130B Hercules, sometimes referred to as the "workhorse of Vietnam". Distinguished by their four propjet engines and camouflage paint, the wing's C-130s are a familiar sight in South Texas skies.

Local Reservists are skilled in all phases of the tactical airlift mission, whether it be a primary one such as flying or a support function such as maintenance, personnel, supply or security. A full spectrum of Air Force specialties are involved.

Annual training at the Alamo Wing began on July 14 and lasts until August 12. Members of the wing will serve their two weeks active duty at a specified time during that period.

Members of the Alamo Wing from Hondo are: Major Norman E. Buescher, Jr., Chief Master Sergeant Reginald E. Weirich, Staff Sergeants Lynn Sandell, Dennis C. Mann, Rolf E. Bohmalk, Sergeants Alexander Barrientes and Sylvan W. Lutz.

CAPACITY CROWD--Was on hand Tuesday night for the playoff game between Hondo-D'Hanis All Stars and the Bandera County All Stars.
